

## PROFILE

Domi has a world leading series of bathroom products, with its production factory located in Zhangzhou , Fujian Province, China. Its product range includes ceramic sanitary ware, smart toilets and bathroom cabinets.

We boast state-of-the-art production equipments, including 120-meters-long tunnel kiln utilizing German technology, High Pressure casting automation for Smart Toilet and One Piece Toilet, and robotic glazing systems from Japan.

We prioritizes Research and Development to ensure superior product quality, continually innovating and creating unique designs. The company's business has expanded globally, exporting to over 50 countries and regions. We has established long-term partnerships with top brands, wholesaler, and retailer supermarkets worldwide.

## Persistence

We adopts the advanced and complete set production line for sanitary ceramic ware produced by SITI Company in Italy.

We owns more than 100 R&D persons with expertise technology, more than 100 various innovative products with independent intellectual property and 70 national patents.

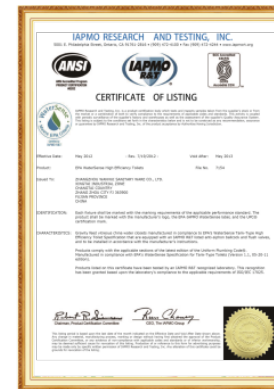

The watersaving performance of our products reach and exceed the national standard, ASME standard and European standard. The annual capacity of sanitary ceramic ware can reach to 6,000,000pcs, which on the top of the industry

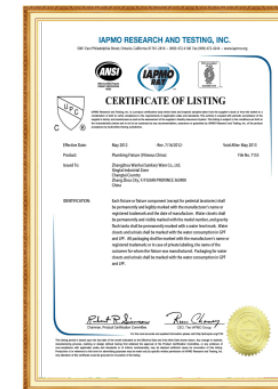

## Certificates

Product has passed the **ISO9001 & ISO 14001 in 2004.**

And has also passed numbers of European and American certifications such as **CUPC, Watersense, CE, Wras, Watermark, KC, SASO** and so on.

# DISCOVER AN ARRAY OF SMART TOILETS

Create a more advanced clean that offer state-of-the-art performance along with a customizable comfort

## SMART CLEANLINESS

-  Gentle wash for woman
-  Strong hip washing
-  Mobile cleaning
-  Instantly heat in one second
-  Filtered water

## ENJOYMENT

-  Multi gear water temperature
-  Multi gear seat ring heating
-  Multi gear warm air drying
-  Induction flushing
-  Low voltage start

## DESIGN

-  Direct flushing
-  IPx4 waterproof

## HOSPITALITY

-  Self-cleaning nozzle
-  Precise constant temperature
-  Antibacterial material
-  Induction night light
-  Photocatalyst deodorization

## CONTROL

-  Double cleaning
-  Intelligent remote control
-  One key intelligent control
-  Prevent sewage backflow
-  Easy to clean

-  Flame retardant

-  Energy saving and water saving

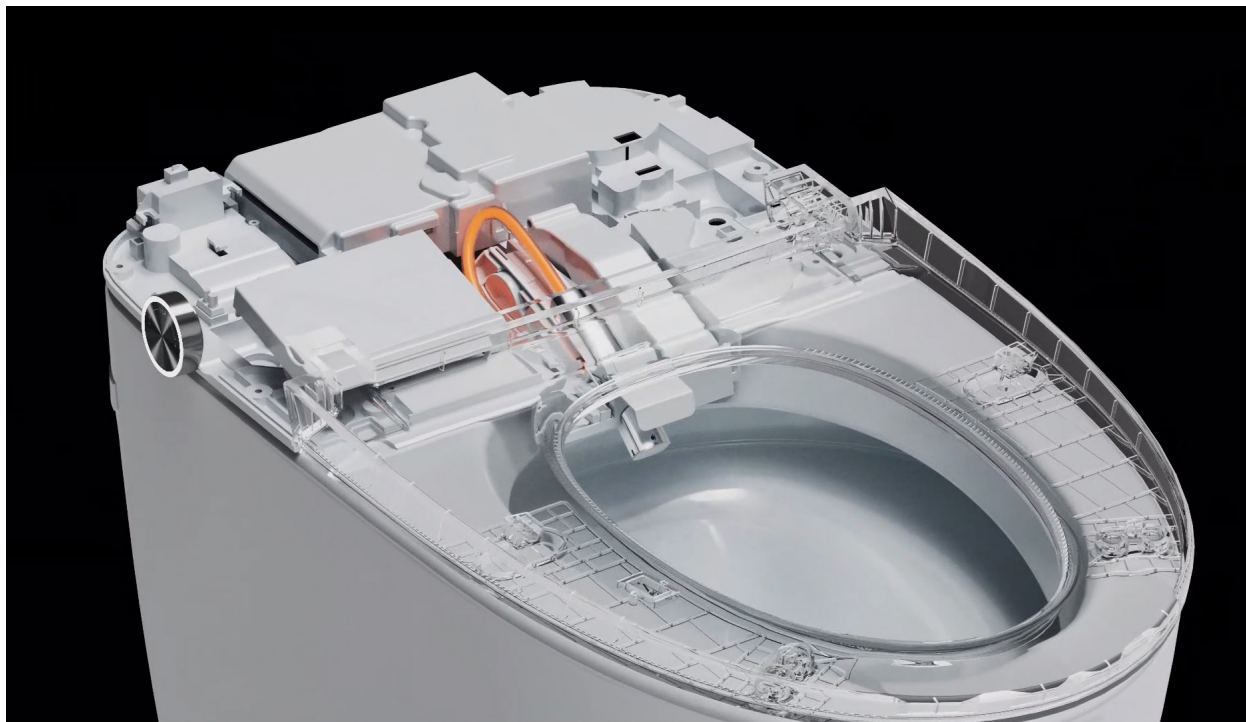

### Gentle wash for woman

Soft and simple spraying brings a mixed cleaning feeling, exclusive female cleaning mode, healthy and hygienic.

### Strong hip washing

Bubble spray, comfortable without tingling, it gives you a gentle and hygienic cleaning experience and ensures thorough cleaning.

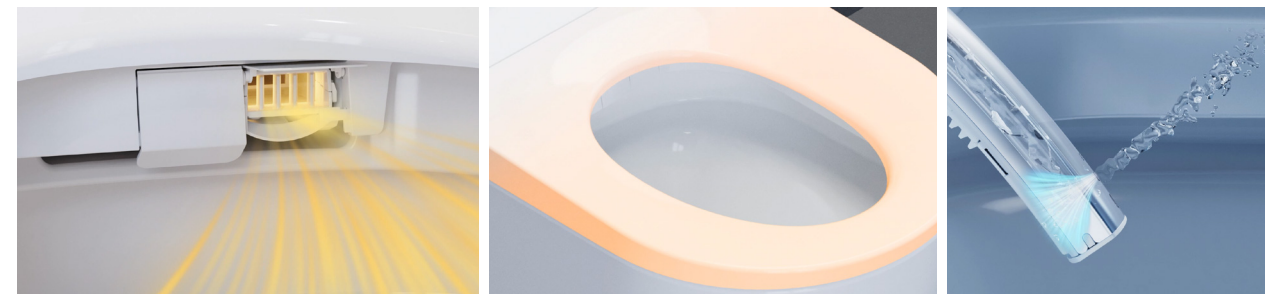

### Mobile cleaning

During the cleaning process, the arc spray bar moves back and forth to expand the cleaning range and effectively improve the cleaning effect.

### Filtered water

The built-in filter device can filter the cleaning water and ensure the healthy water for cleaning.

# TORNADO FLUSHING SYSTEM

Superior **Clean**

Quiet Flush

Strategically Engineered Rim

more powerful

more saving

# RIMLESS

## WATER SAVING

Using just 4.5 litres for the full flush and 3 litres for the half flush, water usage is reduced by a third.

## EASY TO CLEAN

the water closets have no rims to harbour germs, making cleaning quick, easy and more hygienic.

## SILENT FLUSH

rimless technology allows a faster and more silent flush.

## 五金挂件

精铜、航空级铝材及优质不锈钢的材料，表面晶镀技术，均达到盐酸盐雾测试 24 小时 10 级标准，长期在潮湿环境中使用，不发霉、不长斑，不生锈、不褪色，且能保持亮洁如新。

The materials of refined copper, aviation grade aluminum and high-quality stainless steel, as well as the surface crystal plating technology, all meet the level 10 standard of 24-hour hydrochloride fog test. They are used in humid environment for a long time, without mildew, spots, rust and discoloration, and can remain as bright as new.
